Dear Chairman Pierce:

On behalf of the members of the Tucson Hispanic Chamber of Commerce I would like to commend you for your efforts to address the unintended consequences resulting from Tucson Electric Power's line extension policies. As you are aware the current policies have proven to be an impediment to new residential and commercial development which is a key economic driver of Southern Arizona.

While I was unable to attend the meeting in person due to other organizational commitments, I wanted to be sure to convey our support for reinstating TEP's historic line extension policies. We strongly encourage you, and your fellow Commissioners, to vote in favor of the proposal before you on this matter.

Thank you for your time and attention on this important issue.

President/CEO

Lea Márquez Peterson, MBA

Sincerely,
